The meeting was called in order to discuss a possible approach to gaining a resolution to the long-standing delay in SGA's completion of repairs to the church parking lot.

Jamie Alvarado-Taylor opened the discussion with an update on her latest research into the issue.

The meeting covered a number of questions along with pro and con discussions of various possible approaches.

The meeting concluded with the consensus that the following steps should be taken:

1. Spend some funds to hire additional legal advice in order to develop a specific approach to resolving the issue.
2. Explore developing a working relationship with D.R. Horton, the owner of a set of townhouses adjacent to the SGA property.
3. If necessary, develop a media strategy to assist in applying additional pressure to get the issue resolved.

The meeting adjourned at 9:58 a.m.

Respectfully submitted,

Bill Hickman, Clerk
